

Come Join Us!!

The Long Island Children's Museum is looking for Volunteers!

If you love working with children and enjoy informal education, then we're the place for you! You could be playing and learning with children, parents and teachers on a daily basis in a vibrant, exciting environment.

Each day at the Museum is different. One day, you might be assisting school or camp groups through play-based exhibits, introducing complex ideas in a fun and engaging way. The next, you might be helping with art and education workshops, early childhood programming or theater events.

The ideal volunteer will have excellent people – especially “little people” - communication and skills. She/he must be able to work both independently and as a team member.

Long Island Children's Museum, located in Garden City, New York, is a not-for-profit learning laboratory that inspires children and adults through interdisciplinary, hands-on, fun experiences.

Days of operation: The Children's Museum is open Tuesday through Sundays 10:00 am to 5:00 pm. During the summer we are open 7 days a week from 10:00 to 5:00. You must be 14 years old and have your working papers from you school. Students who are interested in volunteers should contact:
