Tips: Here are some recommendations that could help you in your search for financial assistance:

1-We recommend students to ask their college they have enrolled about scholarships offer by the school that does not require a social security number or citizenship to apply.

2- Ask for payment plan, every college offer payment plans for tuition.

3- Ask your high school about their scholarships and apply!

4- Think outside the box! Be creative, start your own fundraising, organized a fundraising party and invite your friends.

5- If you are still in high school start saving money early.
